Form 990 - Organization's Mission**Organization's Mission or Most Significant Activities**

We are change-agents. We are Florida's child-caring systems' watchdogs. Florida's Children First, Inc. (FCF) is the only organization in Florida that works to give the most vulnerable children a voice and a presence in determining their destiny, as well as to insure that each child in Florida's systems of care have adequate representation to make their lives enriched and full, like any other child. These vulnerable children are those who have been abused or neglected, have mental health problems, are disabled, or have a troubled life and problems with the law. FCF is Florida's premiere, statewide child advocacy organization that makes substantial improvements in the lives of these children by using many means to change the systems of care. FCF also empowers individual children and youth to organize, learn leadership and advocacy skills and to become the voice for all children in care by its support and promotion of Florida Youth SHINE, its youth advocacy organization comprised of 12 statewide Chapters of approximately 150 children and youth, ages 13-24.

There is no single, correct way, to change the system. Sometimes, all it takes is to sit at the table with the heads of the state agencies who deal in children issues to share concerns and offer viable solutions. Or it can mean to work with agencies when they write their policies, procedures or rules.

Changing the system of care for Florida's children requires that we educate a variety of stakeholders. Sometimes we make the general public aware of a problem concerning our children, in order to motivate their help and

support in making improvements. Often we achieve change by training professionals across the state on the new procedures or law - or educating them on the issues so that they are aware of the need for change. We also make systemic changes by educating the state legislature on the issues that these children face on a daily basis and helping them understand the systems of care and the difficulties surrounding maneuvering in those systems - especially for children. We educate by writing materials, brochures, pamphlets that give information on various topics in child welfare, delinquency and disabilities.

FCF also takes on the equally important role of educating children and youth about their rights, the processes that they are facing, and their supports. We work hard to help them understand the power they can have over their own destiny when they learn to effectively advocate on behalf of themselves - and we empower them to advocate for themselves and on behalf of all other children in care.

We engage in public education via media advocacy, when necessary. We give interviews on TV, Radio, Newspapers, live presentations in other forums - all effective tools when used in the right way to effectively get the message out quickly and to the largest audience.

Sometimes making the system better for our children requires us to argue in the appellate courts in "Amicus Briefs" designed to support or oppose a position taken in a case that affect the lives of children in care. Or, when all else fails, sometimes the only way to try to change the system means filing a law suit. Thankfully, Florida's Children First has never had to resort to filing a suit, although it does have sufficient ability to do so if the need arose.

Florida's Children First does all of these things and much more, to make

positive changes in the system to help our children. FCF is operated, amazingly, by a small but mighty staff of 5, who, with the help of hundreds of volunteer attorneys and other professionals across the state, work tirelessly to make substantial, positive changes to better the lives of children. FCF's accomplishments include working with volunteer professionals who help in a variety of ways and whose hard work has equaled almost \$5,000,000 in professional services. FCF has trained over 16,792 people across Florida on important issues concerning our children.

Florida's Children First has received over 9,500 hours of pro bono (free) hours from lawyers across the state. We have also provided over 57,924 hours of youth advocacy and training, provided 21 educational publications on children's rights, and filed 28 amicus briefs. But the most successful and impactful work done by FCF is in its ability to educate the legislature as well as to empower the youth, by presenting children and youth to speak with legislators and share their stories to give a voice and put a face on the issues, resulting in the ability to help get 21 bills drafted, supported or passed.

All of this has made positive changes in the lives of thousands of children in Florida, which continues to have a ripple effect impacting even more and more each year, as well as educating thousands of professionals and countless citizens about issues and solutions for children in care.

top priority. Sadly, Florida is one of only 10 states that do not provide for paid counsel for children whose lives are being disrupted and decided in a court of law. To help rectify this problem, FCF works diligently to recruit and train lawyers across the state to provide free legal services

for our children. FCF has provided live and videotaped training and training materials on the various aspects of dependency proceedings in Florida, mentors attorneys who handle individual cases and link lawyers together who have a common issue.

FCF has helped train hundreds of lawyers who volunteer their time. We developed outstanding training videos and materials, with continuing legal credit given to the participant lawyers from the Florida Bar. The topics include, but are not limited to disability rights, the overuse of psychotropic medication on children in care, child-on-child sexual assault and how to handle a dependency case, among many other topics.

Most important is the ability of FCF to be extremely flexible - ready and able to tackle an immediate problem or issue by access to its hundreds of resources of people and materials. When the lives of children are at stake, a quick response and immediate action are necessary. Florida's Children First is the one and only organization in Florida that can motivate many youth as well as knowledgeable professionals at a moment's notice, and has the ability to work within and outside the system to get the desired results, often in a very quick time with extensive, positive outcomes.

This work continues daily and the good results that help children continue to be achieved.

number of issues through its existence; including a bill that requires all children leaving care to obtain their own, personal records, and improving educational stability. Recently, they advocated for the ability to live normal lives and not have to get court orders to travel with their school

sports teams or bands to competitions out of the county or the state, or to get neighbors background screened and finger printed before the child could sleep over in the home of their best friend. This caused a law change that allowed caregivers to make decisions like any reasonable and prudent parent, without state interference or approval.

But the most amazing recent accomplishment in the area of improving outcomes for older children has been FCF and FYS's several years of work in educating the public and the legislature to finally extend foster care from age 18 to age 21. Florida Youth SHINE was the driving force behind this landmark policy change. And the public and the legislature listened. The law was passed, effective January, 2014, that allows children to choose to remain in foster care until they are ready to be on their own, up until age 18. Getting these major changes does not end our work. In fact, the real work is about to begin. FCF and FYS must be involved in the rulemaking process, continue to carefully scrutinize the system to see that the law is properly implemented, train professionals across the state on the new law and policies and procedures, draft publications, make appearances, be the watchdog and drive the system to continue to do better for our children.
