Improving Child Welfare

Organization's Mission or Most Significant Activities

We are change-agents. We are Florida's child-caring systems' watchdogs.

Florida's Children First, Inc. (FCF) is the only organization in Florida that works to give the most vulnerable children a voice and a presence in determining their destiny, as well as to insure that each child in Florida's systems of care have adequate representation to make their lives enriched and full, like any other child. These vulnerable children are those who have been abused or neglected, have mental health problems, are disabled, or have a troubled life and problems with the law. FCF is Florida's premiere, statewide child advocacy organization that makes substantial improvements in the lives of these children by using many means to change the systems of care. FCF also empowers individual children and youth to organize, learn leadership and advocacy skills and to become the

voice for all children in care by its support and promotion of Florida Youth SHINE, its youth advocacy organization comprised of 14 statewide Chapters of approximately 350 children and youth, ages 13-24.

There is no single, correct way, to change the system. Sometimes, all it takes is to sit at the table with the heads of the state agencies who deal in children issues to share concerns and offer viable solutions. Or it can mean to work with agencies when they write their policies, procedures or rules.

Changing the system of care for Florida's children requires that we educate a variety of stakeholders. Sometimes we make the general public aware of a problem concerning our children, in order to motivate their help and support in making improvements. Often we achieve change by training professionals across the state on the new procedures or law - or educating them on the issues so that they are aware of the need for change. We also make systemic changes by educating the state legislature on the issues that these children face on a daily basis and helping them understand the systems of care and the difficulties surrounding maneuvering in those systems - especially for children. We educate by writing materials, brochures, pamphlets that give information on various topics in child welfare, delinquency and disabilities.

FCF also takes on the equally important role of educating children and youth about their rights, the processes that they are facing, and their supports. We work hard to help them understand the power they can have over their own destiny when they learn to effectively advocate on behalf of

themselves - and we empower them to advocate for themselves and on behalf of all other children in care.

We engage in public education via media advocacy, when necessary. We give interviews on TV, Radio, Newspapers, live presentations in other forums - all effective tools when used in the right way to effectively get the message out quickly and to the largest audience.

Sometimes making the system better for our children requires us to argue in the appellate courts in "Amicus Briefs" designed to support or oppose a position taken in a case that affects the lives of children in care. Or, when all else fails, sometimes the only way to try to change the system means filing a law suit. Thankfully, Florida's Children First has never had to resort to filing a suit, although it does have sufficient ability to do so if the need arose.

Florida's Children First does all of these things and much more, to make positive changes in the system to help our children. FCF is operated, amazingly, by a small but mighty staff of 5, who, with the help of hundreds of volunteer attorneys and other professionals across the state, work tirelessly to make substantial, positive changes to better the lives of children. FCF's accomplishments include working with volunteer professionals who help in a variety of ways and whose hard work has equaled more than \$7,400,000 in professional services. FCF has trained over 22,036 people across Florida on important issues concerning our children.

Florida's Children First has received over 13,880 hours of pro bono (free)

hours from lawyers across the state. We have also provided over 75,252 hours of youth advocacy and training, provided 24 educational publications on children's rights, and filed 36 amicus briefs. But the most successful and impactful work done by FCF is in its ability to educate the legislature as well as to empower the youth, by presenting children and youth to speak with legislators and share their stories to give a voice and put a face on the issues, resulting in the ability to help get 32 bills drafted, supported or passed.

All of this has made positive changes in the lives of thousands of children in Florida, which continues to have a ripple effect impacting even more and more each year, as well as educating thousands of professionals and countless citizens about issues and solutions for children in care.

Examples of our most recent accomplishments include:

FCF engaged in multi-year advocacy to establish a statutory right to counsel for children in dependency proceedings. In 2013 we were able to get a legislative appropriation and proviso language providing for counsel for dependent children in, or facing placement in nursing homes. In 2014 we secured passage of HB 561, Counsel for Dependent Children with Special Needs which provides the right to appointment of counsel for dependent children in 5 categories. In 2016 we secured continued legislative funding. We continue our work on implementation of the law.

FCF created FLORIDA (Florida's Legal Online Resource, Information Driven Access) For Children and Families (www.F4CF) an Children's Registry, FCF

invited them to join its resource, FLORIDA for Children and Families a one-stop resource for all attorneys and judges in the dependency system that provides a private communications tool, access to applicable case law, resources and much more. All lawyers who do high quality work need up-to-date access to information, resources and the advice of colleagues. Only a small percent of the lawyers who currently represent children in Florida do that work full time in organizations that can provide them ongoing support. Most of the children's lawyers in Florida are solo practitioners, or pro bono lawyers whose primary practice is not children's law. We provide them the resources and support they need through our online center (www.F4CF.org).

Medicaid to Age 26 for Former Foster Youth: Florida's Children First partnered with another organization to advocate to the relevant state agencies to ensure that all young adults who became automatically eligible for Medicaid under the former foster youth provision of the Affordable Care Act were provided access to Medicaid. We worked to make sure the state would take the broadest possible view of eligibility, worked to ensure that the eligible population and the entities that serve them were aware of the new law, and prompted the state to undertake significant measures to enroll eligible young adults. Based on our efforts, Florida leads the nation in the number of former foster youth who have applied for Medicaid.

the way to make the system better. Through their input, we learn where the system failures are and develop ways to correct those breaches. Including the voice of the youth in that process is critical to successfully improving the system. In fact, teaching children in state care, or who have left care, to become the face for addressing many issues has become the most effective tool in improving outcomes for older youth. As such, FCF created the youth advocacy and mentorship organization Florida Youth Shine (FYS) to provide support, structure, guidance and education that empowers children become effective advocates by letting their voice be heard. Florida Youth SHINE (FYS). FYS, with 14 Chapters across the state, has become a strong, credible and effective voice to represent the difficulties facing the older youth in the foster care system. As the youth work together with professional mentors and kids from around the state, they also gain invaluable life skills such as public speaking, team work, self confidence, patience and discipline.

Florida Youth SHINE has succeeded in influencing positive change on a number of issues through its existence; including bills that require all children leaving care to obtain their own, personal records, and in improving educational stability.

Landmark legislation was enacted in Florida that immediately became the basis for new national legislation to help children live more normal lives.

Under the traditional system of foster care, children in care are very restricted in participating in normal childhood activities. Caregivers were concerned that a child might get injured, or administrators of state agencies were concerned about liability issues. These reactions caused

many unfair procedures requiring foster parents to obtain court orders to allow the child to travel with the family on vacation, or to attend a school event in another county, or to travel with a church group to a sleep-away camp. Fingerprinting and background screening was required whenever a child wanted to sleep over at a class-mate's home, or a foster parent wanted to have their relative watch the children so the foster parent could go grocery shopping.

Florida Youth SHINE put a face on this issue as they spoke with the majority of Florida's legislators, and testified extensively at legislative committee meetings, to help lawmakers understand the need for our children to have normal childhood related activities. This caused a law change that allowed caregivers to make decisions like any reasonable and prudent parent, without state interference or approval. No longer do caregivers have to ask a judge to allow the child to attend band practice, a church outing or sporting event, or get neighbors fingerprinted and law enforcement background screenings to allow their children to have sleep-overs. Caregivers, like parents, can now decide what is in the best interests of the children in their care.

Some of our other amazing recent accomplishments in the area of improving outcomes for older children has been FCF and FYS's several years of work in educating the public and the legislature to finally extend foster care from age 18 to age 21. Florida Youth SHINE was the driving force behind this landmark policy change. And the public and the legislature listened. The law was passed, effective January, 2014, that allows children to choose to remain in foster care until they are ready to be on their own. Getting

these major changes does not end our work. In fact, the real work is about to begin. FCF and FYS must be involved in the rulemaking process, continue to carefully scrutinize the system to see that the law is properly implemented, train professionals across the state on the new law and policies and procedures, draft publications, make appearances, be the watchdog and drive the system to continue to do better for our children.

Improving General Child Welfare

Florida's Children First is the go-to organization when seeking solutions to problems in child welfare. FCF is actively involved in helping professionals across Florida join together to review proposed agency rules and to draft comments and suggestions, with the ability to appeal if the rule doesn't comport with the law. FCF takes the lead in presenting training materials during each step of the process of change, making sure that the children and youth, public and professionals are aware of the issues and progress. This results in a wealth of published materials, most of which can be easily and freely accessed on our website for use by all.

Florida's Children First also makes the legal representation of children a top priority. Sadly, Florida is one of only 10 states that do not provide for paid counsel for children whose lives are being disrupted and decided in a court of law. To help rectify this problem, FCF works diligently to recruit and train lawyers across the state to provide free legal services for our children. FCF has provided live and videotaped training and training materials on the various aspects of dependency proceedings in

Florida, mentors attorneys who handle individual cases and link lawyers together who have a common issue.

FCF has helped train hundreds of lawyers who volunteer their time. We developed outstanding training videos and materials, with continuing legal credit given to the participant lawyers from the Florida Bar. The topics include, but are not limited to disability rights, the overuse of psychotropic medication on topics.

Most important is the ability of FCF to be extremely flexible - ready and able to tackle an immediate problem or issue by access to its hundreds of resources of people and materials. When the lives of children are at stake, a quick response and immediate action are necessary. Florida's Children First is the one and only organization in Florida that can motivate many youth as well as knowledgeable professionals at a moment's notice, and has the ability to work within and outside the system to get the desired results, often in a very quick time with extensive, positive outcomes.

This work continues daily and the good results that help children continue to be achieved.
