Form 990 - Organization's Mission

Florida's Children First, Inc. is a non-profit corporation established to represent and protect the legal rights of Florida's abused and neglected children, especially those in foster care, and to advance children's legal rights consistent with their medical, social, and educational needs, through awareness and advocacy projects. The corporation began operations in 2002.

We engage in public education via media advocacy, when necessary. We give interviews on TV, Radio, Newspapers, live presentations in other forums - all effective tools when used in the right way to effectively get the message out quickly and to the largest audience. Sometimes making the system better for our children requires us to argue in the appellate courts in "Amicus Briefs" designed to support or oppose a position taken in a case that affects the lives of children in care. Or, when all else fails, sometimes the only way to try to change the system means filing a lawsuit. Thankfully, Florida's Children First has never had to resort to filing a suit, although it does have sufficient ability to do so if the need arose.

Florida's Children First has become a national go-to organization when seeking solutions to problems in child welfare. FCF is actively involved in helping professionals across Florida to join together to review proposed

agency rules and to draft comments and suggestions, with the ability to appeal if the rule doesn't comport with the law. FCF takes the lead in presenting training materials during each step of the process of change, making sure that the children and youth, public and professionals are aware of the issues and progress. This results in a wealth of published materials, most of which can be easily and freely accessed on our website for use by all.

Florida's Children First also makes the legal representation of children a top priority. Sadly, Florida is one of only 10 states that do not provide for paid counsel for children whose lives are being disrupted and decided in a court of law. To help rectify this problem, FCF works diligently to recruit and train lawyers across the state to provide free legal services for our children. FCF has provided live and videotaped training and training materials on the various aspects of dependency proceedings in Florida, mentors attorneys who handle individual cases and link lawyers together who have a common issue.

FCF has helped train hundreds of lawyers who volunteer their time representing individual children in foster care. We developed outstanding training videos and materials, with continuing legal credit given to the participant lawyers from the Florida Bar. The topics include, but are not limited to disability rights, the overuse of psychotropic medication on topics.

Most important is the ability of FCF to be extremely flexible - ready and able to tackle an immediate problem or issue by access to its hundreds of

resources of people and materials. When the lives of children are at stake, a quick response and immediate action are necessary. Florida's Children First is the one and only organization in Florida that can motivate and mobilize many youth as well as knowledgeable professionals at a moment's notice, and has the ability to work within and outside the system to get the desired results, often in a very quick time with extensive, positive outcomes.

This work continues daily and the good results that help children continue to be achieved.

Improving Outcomes for Older Youth:

FCF is educated, informed, and inspired by the voice of the youth we serve.

Youth, who are directly impacted by the child welfare system, teach us the way to make the system better. Through their input and lived experiences, we learn where the system failures are and develop ways to correct those breaches. Including the voice of the youth in that process is critical to successfully improving the system. In fact, teaching children in state care, or who have left care, to become the face for addressing many issues has become the most effective tool in improving outcomes for older youth.

Improving Outcomes for Older Youth - continued:

As such, FCF created the youth advocacy and mentorship organization Florida Youth Shine (FYS) to provide support, structure, guidance, and education that empowers children to become effective advocates by letting their voice be heard. Florida Youth SHINE (FYS), with 14 Chapters across the state, has become a strong, credible, and effective voice to represent the difficulties facing the older youth in the foster care system. As the youth work together with professional mentors and kids from around the state, they also gain invaluable life skills such as teamwork, discipline, self-confidence, patience, and public speaking.

FYS also provides a safe and nurturing space for emotional healing and utilizes a groundbreaking peer-to-peer model. After enduring severe trauma, youth from care are more trusting and receptive of fellow foster youth. Therefore, FYS mentors, educates, and enables youth to lead their peers and together, they share their experiences with others to heal themselves and others.

Using the voice of FYS youth to educate adults on life in care, major reforms HAVE been secured, leading to better outcomes for all foster kids.

Florida Youth SHINE has succeeded in influencing positive change on a number of issues through its existence; including bills that require all children leaving care to obtain their own, personal records, and in improving educational stability.

Landmark legislation was enacted in Florida that immediately became the

basis for new national legislation to help children live more normal lives. Under the traditional system of foster care, children in care are very restricted in participating in normal childhood activities. Caregivers were concerned that a child might get injured, or administrators of state agencies were concerned about liability issues. These reactions caused many unfair procedures requiring foster parents to obtain court orders to allow the child to travel with the family on vacation, or to attend a school event in another county, or to travel with a church group to a sleep-away camp. Fingerprinting and background screening was required whenever a child wanted to sleep over at a class-mate's home, or a foster parent wanted to have their relative watch the children so the foster parent could go grocery shopping.

Florida Youth SHINE put a face on this issue as they spoke with the majority of Florida's legislators, and testified extensively at legislative committee meetings, to help lawmakers understand the need for our children to have normal childhood related activities. This caused a law change that allowed caregivers to make decisions like any reasonable and prudent parent, without state interference or approval. No longer do caregivers have to ask a judge to allow the child to attend band practice, a church outing or sporting event, or get neighbors fingerprinted and law enforcement background screenings to allow their children to have sleep-overs. Caregivers, like parents, can now decide what is in the best interests of the children in their care.

Some of our other amazing recent accomplishments in the area of improving outcomes for older children has been FCF and FYS's several years of work in

educating the public and the legislature to finally extend foster care from age 18 to age 21. Florida Youth SHINE was the driving force behind this landmark policy change. And the public and the legislature listened. The law was passed, effective January 2014, that allows children to choose to remain in foster care until they are ready to be on their own. Getting these major changes does not end our work. In fact, the real work is about to begin. FCF and FYS must be involved in the rulemaking process, continue to carefully scrutinize the system to see that the law is properly implemented, train professionals across the state on the new law and policies and procedures, draft publications, make appearances, be the watchdog and drive the system to continue to do better for our children.
